We are here to help Clay City, the Surrounding Country and Ourselves.

VOL. XI.

CLAY CITY, KY., THURSDAY, FEBRUARY 8, 1906.

NO. 6.

Notice.

All persons indebted to this paper are kindly requested to pay up as the publisher is anticipating a business venture that will require all the money owing us and more too. We have several hundred dollars out on job work, advertising and subscription, which is small to the different persons who owe such indebtedness, but if all paid in would be much to us. Start the new year right by owing the printer nothing.

Injured in Jumping from Train.

Oscar Mackey boarded the east bound train in this city Saturday afternoon to talk with a friend, and the train pulled out sooner than expected, and in getting off after the train started he was hurled against a tie and bruised up quite badly about the head. He was carried to the Central Hotel where medical aid was summoned. He was taken to his home on Hardwick's Creek that evening.

Marion McKinney and Mesdames Mollie McKinney and Lullie Burgher, all of near Winchester, attended the burial of J. W. Locknane near here Saturday.

Perry Hammons, formerly a Baptist minister of this city, was run over and killed by a train near his home in Knox county. He leaves a wife and several children.

Noah Boone, of Levee, was here Thursday on business and called at the editor's sanctum and left \$2.00 on subscription. It would be better for the newspaper fraternity if the world had more such citizens as Mr. Boone.

The Clay City Roller Mills sold in this city last Thursday. W. P. Cassidy and J. F. McKinney bought the property paying \$4,100 for the same. This is hard-

ly 55 per cent on the stock paid in. These gentlemen, we are informed, will start the wheels rolling soon, and continue operation regularly.

V. B. Atkinson has resigned his position in the Clay City National Bank, and entered school at Lexington.

Death of Wesley Locknane.

J. W. Locknane died at his old home two miles south of this city Friday morning at six o'clock of brain affection. Funeral services were conducted by Elder Albert Easter at the family residence Saturday morning after which the remains were taken to the Hoskin graveyard and interred.

Deceased was seventy-nine years old, was married in 1815 to Louvany Kimbrell. To them were born twelve children—four boys and eight girls, two of the boys are dead and five of the girls. His wife died about one year ago.

We have had several days of zero weather the past week and prospects are not good for the harvest. The groundhog must certainly mean business, and has begun early.

James F. McKinney Monday shipped a car load of hogs to Cincinnati which he bought from various persons at five cents per pound.

Mrs. Nannie Pryor and daughter, Miss Zella Sams, visited the former's daughter, Mrs. Neoma McKinney near Virden Saturday and Sunday.

Elder George W. McIntosh filled his stand at the Baptist church Saturday and Sunday mornings and delivered two very interesting sermons to appreciated congregations.

We regret that Allen Orshorne will shortly move to Missouri to reside. He will have a public sale next Thursday, when in addition to his personal property, he will sell publicly his two valuable farms near here. Mr. Orshorne is a fine citizen, and we commend him to the Missouri people.

A press dispatch from Lexington says: "Miss Amanda Todd, daughter of the late Hugh Todd, of Irvine, and Ashley Guy, lumber inspector for the Kentucky River Lumber Company at Frankfort, were married here today. The couple had a hard time to get the marriage license, owing to the tender age of the young woman. Although she had a note signed by her mother, Mrs. Mary Todd, it was believed the note was a forgery, and it was necessary to get telephone communication with Mrs. Todd before the license was issued."

Miss Todd taught the school at this place last fall and has many friends here who extend congratulations to the happy young people.

A bill has been introduced in the Kentucky Legislature making it a misdemeanor for a person between the ages of sixteen and twenty-one to enter a saloon. Why stop at twenty-one? Let the same law apply to men of all ages and the saloon evil will soon be solved.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constant treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The postal authorities are complaining that many of the rural routes established are not properly appreciated, and the department is threatening the discontinuance of some of these routes unless more interest is manifested in the future. If the department will consider the

in this part of Kentucky where the roads are so bad during the winter season that country people can hardly get to town once a week for their mail, their work will be better appreciated, and at the same time be more of an act of justice than establishing these routes along good pikes, where the folks go town three or four times a week anyway.

This rural route business is like everything else run by the government, run for the benefit of those who least need it, being true to the policy, "the government helps those who can help themselves, others and their needs cannot be considered."

**BEAUTIFY YOUR HOME
WITH Kinloch PAINT**
READY TO MIX NOT READY MIXED
Important Memorandum—The painter is the most important factor in painting. A job done by a good painter will last ten times longer than one done by a poor painter. (400 sq. yds., 200 sq. yds. will last five years. The same paint applied by a dabbler (100 sq. yds., 200 sq. yds.) will last only one year. Therefore "pay attention" to the good painter's job or \$12.00—his poor painter's \$25.00.
A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's saving, not an expense. But when you paint—buy only
Kinloch HOUSE PAINT
There's one indisputable reason why, a reason every honest painter will acknowledge: "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

If You ARE A Democrat

Or if You are not You will want to read

Bryan's Commoner.

ON MARCH 17 The Commoner announced the Primary Pledge organization plan. This plan provides for Democrats to sign a pledge, binding themselves to attend all primaries of their party between now and the national campaign of 1908. It is a practical method for the organization of the party by the rank and file, in order that it may prove true to its name and be the efficient servant of the people in the establishment of reform. A little investigation will convince you that the Commoner has hit upon a feasible and effective method of persuading Democrats to participate in the councils of their party.

These pledges are pouring into the Commoner office by the thousands, where they are carefully filed by state, county and voting precinct.

If the same interest manifested in this work during the past four months is maintained during the next two years, the total membership will exceed four million Democratic voters.

The Commoner is issued weekly, subscription \$1 a year. By special arrangements, for a short time only, we offer the Clay City Times and The Commoner one year both for \$1.10.
